

## PRODUCT INFORMATION

### MINOX BL 8x56 BR and BL 13x56 BR

#### LIGHTWEIGHT AND POWERFUL FOR GOOD OBSERVATION IN LOWLIGHT AND TWILIGHT

MINOX has extended the highly successful BL line with two real light gathering giants that are perfect for game and nature observation in moonlight or early dawn, as well as normal daylight. Reasonably low in weight, maintaining the established BL optical quality coupled to an attractive price are the main elements of the BL line that the MINOX engineers have put into the new BL 8x56 BR and the BL 13 x 56 BR. In spite of their extreme light-gathering power the two latest members of the BL family weigh in at just over 1000 grams.

The BL13x56 with their high magnification are particularly well suited for observing game and for detailed observation of very small subjects from long distances. Boasting the outstanding resolving power of the modern BL optics range, the light gathering optics give the added advantage

for good identification of your subject under less than ideal lighting conditions.

With tough rubber armoring and an ergonomic design the new BL binoculars are comfortable and convenient to hold, this being helped in particular by their relatively low weight. The new metal focusing wheel with ridged rubber armoring provides a good grip and is easy to use with a finger-felt marker for the infinity setting. Thanks to this feature those out observing game can find their subject quickly from long distances, even in twilight, by just feeling the focus setting.

The newly developed, light gathering optical system of the BL binoculars have multicoated lens elements which guarantee quality optical performance and

natural color rendition of the subject in view. With their roof prisms with phase correction coating the user is given an image of exceptionally high detail rendition and rich in contrast, even in poor lighting conditions.

The extended exit pupil allows spectacle wearers to enjoy the full field of view which is sharp right to the edges. Twist-up rubber eyecups with click stops are a very convenient feature for them.

Included with the new BL binoculars are a wide Neoprene strap, rainguard and case.

Technical Data	BL 8x56 BR	BL 13x56 BR
Magnification	8 x	13 x
Front lens diameter	2.20 inch / 56.0 mm	2.20 inch / 56.0 mm
Exit pupil	0.28 inch / 7.0 mm	0.175 inch / 4.3 mm
Field of view	326 ft at 1,000 yds 6.2° 108 m at 1,000 m 6.2°	263 ft at 1,000 yds 5° 87 m at 1,000 m 5°
Close distance	29.5 ft / 9.0 m	23.0 ft / 7.0 m
Eye relief	0.82 inch / 20.8 mm	0.56 inch / 15.2 mm
Diopter adjustment	± 3 dpt	± 3 dpt
Geom. twilight number	49.0	18.6
Operating temperature	14° up to 122° F / -10° up to +50° C	14° up to 122° F / -10° up to +45° C
Waterproof	yes, down to 16.4 ft / 5 m	yes, down to 16.4 ft / 5 m
Height x Width x Depth	6.65 x 5.7 x 2.59 in. / 196 x 145 x 66 mm	6.65 x 5.7 x 2.59 in. / 196 x 145 x 66 mm
Weight, approx.	36.9 oz / 1,040 g	38.1 oz / 1,080 g
Order number	62165	62166
